WHY STRATA?

Strata has been providing premium welding solutions to industries since the 1970's, and all of our welding products have been developed through responding to your requests for the best possible performance and value available to the modern welder.

Safety

All Strata machines are equipped with voltage, current and thermal sensing technology giving you peace of mind while operating. These safety features make Strata welders ideal for use in safety conscious environments like mines & construction sites.

Microprocessor Controlled IGBT

Strata IGBT technology differs from the standard IGBT technology in that the micro-processor controlled variant ensures faster and smarter current switching, a greater reliability of components and the ability to produce a high duty cycle.

Settings made easy

Strata machines have digital screens for instant feedback and easy setting of welding parameters. With additional features such as pre-set displays, hot start, anti-stick, down slope and gas control, your welding experience is so easy that you won't want to stop!

Super Duty

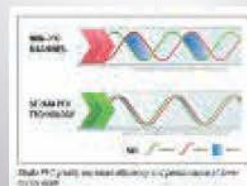

All Strata welders come equipped with heavy duty over spec MIG/MMA leads and torches as standard means you won't be let down when the going gets tough. With optional torches and accessories available Strata provides you with everything you need to tailor your welding experience to your needs.

PFC (Power Factor Correction)

* Advance Series Only *

The PFC procedures used in Strata welders ensure greater efficiency than standard non-PFC machines. Through the use of specific technology and modifying the input power wave, PFC units are capable of a higher power output with less power consumption (Up to 40% more efficient).

Superior Warranty & Service Backup

Designed and built for the tough New Zealand working conditions, our team is consistently innovating to bring you the best machines for your needs. All Strata machines carry a 12 month standard warranty with the option to extend to 24 or 36 months with online registration. From great resources to a comprehensive service and sales support network Strata gives you rock solid back-up that give you peace of mind.

Environment Protection

With an IP23 Electrical Rating all Strata models are resistant against moisture, salt spray and corrosion. Strata is built with tough New Zealand conditions in mind, resulting in increased longevity and reliability.

Over-spec Electronics

All Strata machines feature componentry and electronic specifications in excess of machine standards. This means that every single-phase 230V machine is tested in excess of 200% variance of input power (440V).

500A Inverter MIG/TIG/MMA Welding Package - Air Cooled

ADVANCEMIG500PACK

State of the art synergic technology with full operational controls on the remote wire feeder make the ADVANCEMIG500 a breeze to operate. Rich in features including a 4 roll wire feeder and integrated protection systems mean this 3 phase machine is top of the class in performance, reliability and user satisfaction. Designed for rugged heavy work day in and day out.

- Intelligent digital wire feeder with all MIG controls and display located on wire feeder control panel
- Digital microprocessor control system for superior & dynamic arc characteristics
- Synergic mig operation for optimum welding results every time
- MIG waveform (inductance) control for great arc control and smoother welding results
- Adjustable pre flow, post flow, burn back and soft start settings
- 2T/4T trigger operation with crater control settings
- Adjustable arc force, hot start & automatic anti stick control
- Dual digital display meters for accurate pre setting and feedback of welding parameters & output

16CFM, 3HP Compressor- 50L Tank

AC16I

Featuring European design, the AC16I has the largest output on single phase power in Air Command range. Suitable for use in trade and agricultural setting this compressor is solid and reliable.

- Heavy duty, oversized slow revving, full shell bearing pump
- 3HP Industrial Vemat electric motor with overload protection
- Will run a small workshop
- 50L receiver with filter/regulator
- Pump Displacement 421L/min, 14.9cfm

~~\$1500.00~~ **\$1395** +gst
(\$1,604.25 incl.gst)

16CFM, 3HP Compressor-50L

WS16

The WS16 is a light weight, yet heavy duty compressor ideal for workshops or on-site.

- Heavy-duty, oversized, slow revving, full shell-bearing pump
- Italian motor with thermal overload
- Ergonomic handles, pneumatic wheels and anti-vibration feet
- Pump displacement 421L/min, 14.9cfm

~~\$1895.00~~ **\$1795** +gst
(\$2,064.25 incl.gst)

Industrial 5.5HP Compressor - 200L Tank

IND5.5

This industrial heavy-duty, Italian made, 2-stage air compressor is the ultimate workshop air solution.

- Italian DOL starter and thermal amp overload
- Heavy duty, slow revving, two stage pump
- After and Intercooler for Dry Air
- Pump Displacement 650L/min, 23.0cfm
- Will run most air equipment making it ideal for dairy sheds and workshops

~~\$3235.00~~ **\$3195** +gst
(\$3,874.25 incl.gst)

10HP Industrial Three Phase Compressor - 270L

IND10.0

- Ideal for auto repair shops and large factories
- Runs 3 air tools simultaneously
- Large V4 twin stage pump for efficient cool dry air
- Pump displacement 1246L/min, 44.0cfm
- Air delivery (@90psi) 972L/min, 34.3cfm
- Made in Italy
- 24 month warranty.

\$5200 +gst
(\$5,980.00 incl.gst)

AIR ACCESSORIES

AIR BLOW GUN

#AC1454

- Ideal for cleaning those hard to reach places
- 100mm blow tube.

\$9 +gst
(\$10.93 incl.gst)

DELUXE TYRE INFLATOR

#AC1433

- 1/4 Aro type coupling
- Flexible extension with valve lock.

\$29 +gst
(\$45.43 incl.gst)

DUAL ARM STEEL RETRACTABLE HOSE REEL

This Dual Arm Steel hose reel with 15 meters of tough ViperFlex air hose is the perfect combination for getting the job done quickly and efficiently.

AC3815HR

- 15m Air hose reel

\$290 +gst
(\$333.50 incl.gst)

AC3820HR

- 20m Air hose reel

\$330 +gst
(\$379.50 incl.gst)

GENERATORS

2000W Inverter Generator

PT2200i

- 2000W (peak), 1800W (rated)
- 1 X 15A 230V AC Outlet
- Twin USB Outlets
- Large Capacity Muffler for Quiet Operation
- Simple and Reliable Electronic Ignition System
- High Performance Air Cleaner System
- Thermal Overload Circuit Breakers
- Ideal for Camping and Home Use Applications.
- Lightweight and portable at only 22kg!

Optional Parallel Connection Function

Synchronise two units for increased power demands

~~\$899.00~~
\$795 +gst
 (\$914.25 incl.gst)

3800W ELECTRIC START GENERATOR

GT3600ES

- 3800W (max), 3200W (rated)
- Electric start with recoil for easy starting
- Industrial air cleaner & muffler system, for cleaner quieter operating
- Superior quality alternator and automatic voltage regulator (AVR) for more stable power output
- 2x 230V outlets
- 15 litre tank to keep you in power all day
- With the capability of running a drop saw and most power tools the GT3600ES is ideal for the home workshop or garage.

~~\$1090.00~~
\$995 +gst
 (\$1144.25 incl.gst)

8000W ELECTRIC START INVERTER GENERATOR

GT8000ESI

- 8000W(max.), 7000W (rated)
- Electric start
- Powerdyne engine for ultimate performance and reliability
- Multiple power options with 2x 230V (15A & 32A), 1x 12V DC and USB outlets
- 26L fuel tank for up to 7hrs run-time
- Highly portable with 4-wheels and convenient carry handles

26L Fuel tank

Convenient handles for portability

Silenced casing

Industrial muffler system

4-wheels for ultimate maneuverability

1x SINGLE PHASE (15A 230V)

1x SINGLE PHASE (32A 230V)

 HIGH VIS HEATED JACKET
 WORTH \$299

Optional
 AT57 StarMaster
 Auto Transfer Switch

Ready for home back-up automatic switching!

~~\$4995.00~~
\$4995 +gst
 (\$5,744.25 incl.gst)

200A WELDER / 5500W GENERATOR

GT200W

- 5500W (max.) 5000W (rated)
- ARC welding output 50 - 200A, 60% @ 180A
- Monster 32A outlet with adapter
- New generation AVR for smooth power delivery
- 18L fuel tank for up to 8hrs continuous operation
- Will run 1.6 - 5.0mm electrodes
- Supplied with leads, ideal for site work.

~~\$2795.00~~
\$2595 +gst
 (\$2984.25 incl.gst)

3800W Electric Start Inverter Generator

GT3800Ei

With perfect power and compact design (only 35kg), this single-phase inverter generator is ideal for camping, on-site or household backup power.

- 3800W (max) 3500W (rated).
- Push button electric start with EZ recoil backup for easy starting.
- 4-stroke powerdyne OHV engine for ultimate durability and reliability.
- Smart throttle for quiet operations and fuel savings
- Low oil-shut down helps to prevent generator damage
- Digital control panel for simplified management and monitoring of parameters

FREE GRILLING TOOL SET

2X 20A OUTLETS
2X 30A OUTLETS

4800W Electric Start Inverter Generator

GT4800Ei

With perfect power and compact design (only 39.5kg), this single-phase inverter generator is ideal for camping, on-site or household backup power.

- 4800W (max) 4200W (rated).
- Push button electric start with EZ recoil backup for easy starting.
- 4-stroke powerdyne OHV engine for ultimate durability and reliability.
- Smart throttle for quiet operations and fuel savings
- Low oil-shut down helps to prevent generator damage
- Digital control panel for simplified management and monitoring of parameters

11,500W Electric Start Generator

GT15000E

Featuring multiple heavy duty outlets, and all the unique GT Power features, the GT15000E allows for easy powering of house, workshop, or worksites, keeping you in power all day.

- 11,500W (max), 10,500W (rated)
- Push button and wireless remote starting
- Powerful 4-Stroke OHV Powerdyne engine
- Super-duty copper wound alternator and industrial air filter
- Highly durable and portable with industrial frame, carry handles, lifting point and no-flat wheels

Robust industrial frame for added protection

Shifting Arm for easy moving

Push button electric start for effortless starting

Large Capacity 40L Fuel Tank

Industrial Air Cleaner and Muffler System

Convenient carry handles for moving around the worksite

1X THREE PHASE (208V outlets)

2X SINGLE PHASE (180V & 30A)

Solid Wheels for Rugged Portability

PRODUCT SPOTLIGHT!

4000W Silenced Electric Start Generator

GT4000ESi

Arriving Soon

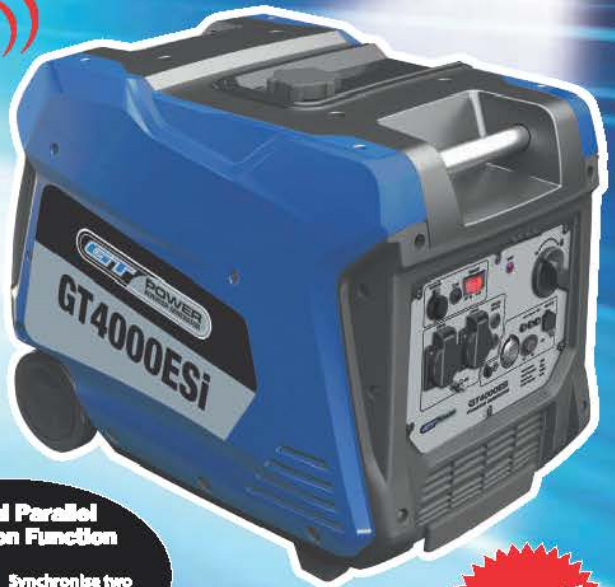

With perfect power and compact design, this single-phase inverter generator is ideal for on-site or household backup power.

- 4000W (max) 3500W (rated).
- Push button electric start with WIFI remote easy starting.
- Reliable 4-stroke powerdyne OHV engine.
- High performance air cleaner system for improved performance
- Large capacity muffler and silenced casing allow for super quiet running
- Thermal overload circuit breakers for increased safety during operation
- Heavy duty wheel set and handle for improved portability
- Heavy duty at only 40kg

REMOTE START

Push Button Start

\$1995 +gst

FREE FUEL SET (#B200FS)

Optional Parallel Connection Function

Synchronise two units for increased power demands

NEW!

PRODUCT SPOTLIGHT!

REMINGTON INFRARED PREMIER SERIES HEATERS

The new Remington Premier Heater Series offers the ultimate in silenced workshop heating

The new IRH22 Remington INFRARED diesel fired heater offers the ultimate in efficiency, almost zero emissions and dry warmth that permeates the room quickly! Remington's unique and patented technology also ensures perfect combustion, the result being almost zero fume pollution and excellent economy. The IRH22 is built to heavy duty industrial standards and is ideal for workshops, warehouse, events marquees and many more spaces needing heating. Here are just some of the ground breaking features benefits of the IRH22

IRH22

22kW Infrared Diesel Heater

Built to heavy industrial standards the IRH22 uses radiating infrared heat waves heating "objects", not air, for even heat distribution, higher levels of safety and almost zero emissions.

- Highly Efficient Silencer System - Only 40dB
- Catalytic Filtering - Allows for use in ventilated indoor areas
- Internal Safety System - Includes low fuel sensor, over heating sensor and more
- Large 45L Tank - Ideal for all-day heating
- Electronic Panel and Remote Controls - For effortless setting of heating parameters
- Rugged Stainless Steel Finish
- Portable With 4x Lockable Wheels

Super Silenced

Super Low Emissions

Super Powerful burner with new technology

Super Fast combustion switching
