## 2HP, 12CFM DUAL CONTROL COMPRESSOR - 50L # DC12/1

- Heavy duty, oversized, slow revving full shell bearing pump with a high airflow flywheel and built-in after cooler for cooler, drier air supply and longer life.
- Ideal for areas with poor power supplies or running on generators
- Special design allows this compressor to be switched to run continuously eliminating start-up problems
- Perfect for use in rural areas or on farms
- Best displacement 11.1cfm, 315L/min.
- Air delivery (@90psi) 8.9cfm, 252L/min.
- Max pressure 145psi

## 4800W Electric Start Inverter Generator

# GT4800EI

Stock Arriving December

With perfect power and compact design (only 39.5kg), this single-phase inverter generator is ideal for camping, on-site or household backup power.

- 4800W (max) 4200W (rated).
- Push button electric start with EZ recoil backup for easy starting.
- 4-stroke powerdyne OHV engine for ultimate durability and reliability.
- Smart throttle for quiet operations and fuel savings
- Low oil-shut down helps to prevent generator damage
- Digital control panel for simplified management and monitoring of parameters

## 900W, 2 Stroke Generator

# PT950-2

Highly compact and portable design make this 2-stroke compressor the ideal camping companion.

- 900W (max) 750W (rated)
- 1x 230V AC power outlet great for lighting or small electronics & appliances
- Simple and reliable automatic ignition starting system
- 4.2L fuel tank for up to 6 hours operation
- Thermal overload circuit breaker for improved safety

## NEW ITALIAN DUAL CONTROL BELT DRIVEN COMPRESSORS

The new Italian made dual control belt drive compressors feature special design which allows for continuous running option, eliminating start-up problems.

- 50L tank with filter/regulator
- Motor with thermal overload
- Heavy duty, oversized, slow revving pump
- Large pneumatic wheels and carry handles for great portability around site

#TM12DC

- 315L/min, 11.1cfm pump displacement
- 252L/min, 8.9cfm air delivery (@90psi)
- 135psi max pressure
- 10A Plug

#WS16DC

- 421L/min, 14.9cfm pump displacement
- 337L/min, 11.9cfm air delivery (@90psi)
- 135psi max pressure
- 15A Plug

### 13CFM, 2HP Belt Drive Compressor- 50L Tank

# AC13

Light-weight, well balanced and portable the AC13 is easily handled by one person and ideal for home or light trade applications.

- Cast iron pump for long life
- Air dashboard with filter regulator and two ARO couplers for easy operation.
- Will provide ample air supply to operate most tradesman's tools.
- Pump Displacement 284L/min, 10.0cfm

**FREE**  
10M AIR HOSE SET  
#AC3406

### 2.5HP, 9CFM DIRECT DRIVE COMPRESSOR - 50L

# AC10i

- Very portable, lightweight single-phase compressor
- 2.5HP motor and 50L tank for continuous pressure
- Direct drive compressor - the largest in the Air Command range.
- Suitable for running nailing and stapling tools
- Best displacement: 9cfm, 254L/min.
- Air delivery (@90 psi) 5.8cfm, 165L/min.
- Max. pressure 125psi

## The ideal camping companion

### 2000W Electric Start Inverter Generator

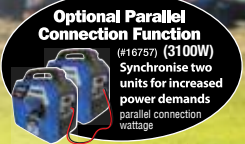

# GT2100ESi

With 2000W max output and compact design, this single phase 230V generator is ideal for camping or household backup power.

- 2000W (max.) power output, 1700W (cont.) power output
- Powerdyne 4 stroke, air cooled, OHV industrial engine
- 1 x 15A, 230V outlet, 1 x 8.3A, 12V outlet
- Push button electric start with backup EZ recoil makes starting easy
- Increase power while maintaining the flexibility and convenience of compact design with optional parallel function
- Highly portable and compact under 20kg!
- Up to 7 hours run time
- Featuring Eco mode button for efficient running
- Wireless remote starting - start the generator from 50m away (max).

**\$1150** +gst  
(\$1322.50 incl.gst)

### 2400W INVERTER GENERATOR

# GT2500i

- 2400W (max.), 2100W (cont.)
- Powerful 4 Stroke OHV Powerdyne engine
- 2 x 15A, 230V outlet, 1x 12V, 8.A outlet
- Smart throttle - matches engine speed to power draw to ensure super quiet operation and fuel saving.
- In-built USB charging port for cellphones and media players
- Up to 8hrs run time at 50% load on a single tank
- Includes BONUS protective cover and Twin USB Charger

~~\$1570.00~~ +gst  
**\$1395** +gst

### 4000W Silenced Electric Start Generator

## GT4000ESi

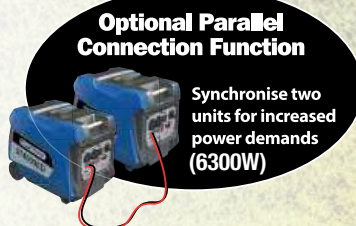

With perfect power and compact design, this single-phase inverter generator is ideal for on-site or household backup power.

- 4000W (max) 3500W (rated).
- Push button electric start with remote easy starting.
- Reliable 4-stroke Powerdyne OHV engine.
- High performance air cleaner system for improved performance
- Large capacity muffler and silenced casing allow for super quiet running
- Thermal overload circuit breakers for increased safety during operation
- 40kg, with heavy duty wheel set and pull-out handle for improved portability

REMOTE START

**\$1995** +gst

### 3100W Electric Start Generator

- # GT3000ES
- 3100W (max.) 2800W (cont.)
- Electric start and recoil for dependable starts
- Industrial air cleaner & muffler system for cleaner, quieter operating
- Low oil alert with automatic engine shutdown
- Ergonomic handles and heavy-duty solid wheel kit with rubber tyres for portability
- 2x 15A 230V outlets
- 15L fuel tank for all day power
- Ideal for the home, farm or construction site.

### 7000W Digital Inverter Generator

- # GT7005EFI
- 7000W (max.), 6500W (cont.)
- Powerful 4 stroke OHV Powerdyne engine
- One touch easy starting
- 1 x 15A, 230V outlet and 1 x 32A for household backup
- 23L fuel tank for up to 10hrs run-time
- Features Electronic Fuel Injection (EFI) Technology
- Ideal for use as a solar back-up

## INTRODUCING THE NEW ITALIAN MADE DURAVAC RANGE.

Choosing the right vacuum cleaner for your needs can make the world of difference to your business both for improved efficiency and return on investment. DURAVAC has a vacuum for every need, with options ranging from compact domestic and industrial vacuums, through to specialist vacuums suitable for use in environments where clean air is essential.

With common features such as durable wheels for portability, impact resistant tanks, and high levels of filtration, with either SANIFILTER or HEPA filters as standard in all vacuums, the DURAVAC range is built tough for industrial use and protects you and your workers from harmful dusts.

### WET & DRY VACUUMS
