IRH22

22kW Far Infrared Heater

The new IRH22 Remington INFRARED diesel fired heater offers the ultimate in efficiency, almost zero emissions and dry warmth that permeates the room quickly! Remington's unique and patented technology also ensures perfect combustion, the result being almost zero fume pollution and excellent economy. The IRH22 is built to heavy duty industrial standards and is ideal for workshops, warehouse, events marquees and many more spaces needing heating. Here are just some of the ground breaking features benefits of the IRH22

- Built to heavy industrial standards
- Catalytic filtering - allows for use in ventilated indoor areas
- Internal safety system includes low fuel sensor over heating sensor and more!
- Large 45L Tank - For all Day Heating
- Highly efficient silencer system - only 40dB
