## PANORAMAXX WELDING HELMETS

The Panoramaxx offers a field of vision that is 6x larger than a standard ADF welding helmet. With it's unique ADF the lens is closer to the eyes, providing maximum viewing comfort while maintaining protection.

Combined with light state 2.5, automated shade level adjustment 5-12, and lightweight design, this helmet is comfortable and easy to use. The multi-sensor detection ensures perfect regulation of the auto-darkening filter, and the rechargeable power-pack removes the need for changing batteries, helping to improve safety and convenience.

## Clearmaxx

Unlimited clear view of your workspace, filtered and clear air with adjustable air distribution make the clearmaxx the unique face and respiratory protection system with the highest safety level. A rotary switch enables you to feed 20% of the air cooling to the forehead area. Minimized weight of 330g and an ergonomic fit sets new benchmarks in wearing comfort.

- TH3 filtration
- 18hr Battery
- 240L/min Airflow
- ideal for MDF fabrication and dusty working environments.

on TH3 Filtration

FRESH AIR WHERE YOU NEED IT MOST.  
OPTREL LET'S YOU BREATHE EASY.

0.2%  
CONTAMINATION

X-tend your possibilities.

HIGH-PERFORMANCE PAPR SYSTEM  
WITH A SAFETY CLASS 3 FILTER

**ADJUSTABLE AIR DISTRIBUTION:**  
A rotary switch can be used to feed 20% of the cool air to the forehead. Direct air draft crossing the eye, by the air distribution system, leads to the avoidance of dry eyes.

The e3000X PAPR system provides

- the highest class of protection (TH3) from respirable particles (smoke, aerosol, and dust). Breathing air becomes cleaner by a factor of up to 500.
- A1B1E1 filter extension\* protecting you from organic, anorganic and acidic gases.
- even air distribution in the fresh air helmet without eye irritation.
- automatic air flow control and adjustment.
- additional cooling effect for keeping a cool head about you.

Contact Us Today on 0800 387 678 to find out more about the Optrel PAPR Range

## 2390psi High Pressure Steam Cleaner

# KTH1165-1

**2390psi, 19.4L/min cleaning power, up to 155°C of steam to destroy grease, grime, and heavy materials such as mud and sludge.**

**Built to last a lifetime the KTH1165-1 is perfect for cleaning heavy machinery, tractors dairy sheds and more!**

- 4-way safety system with overload protection gives peace of mind on worksites
- Continuously adjustable pressure to suit a variety of jobs
- Digital temperature control allows for instant feedback of parameters and helps to improve efficiency
- Integrated hose drum and tidy storage system allows for more ergonomic work spaces
- Parking brake ensures secure position while stationary

## 12CFM, 2HP Dual Control Compressor - 50L

# TM12DC

- 2HP motor with thermal overload
- 50L tank with filter/regulator
- Heavy duty, slow revving, oversized pump
- Dual Control
  - Stop/Start function ideal for normal workshop use
  - Constant run function for use with poor power supply (e.g. generator use)
- Maximum Pressure 135psi
- Best Displacement 315L/min (11.1cfm)

## 350A SYNERGIC MULTIPROCESS MIG WELDER

# ADVANCEMIG350Pack

**State of the art synergic technology with full operational controls on the remote wire feeder makes setup and operation a breeze. Rich in features including a 4 roll wire feeder and integrated protection systems for ultimate safety and reliability.**

- Fully Synergic Operation ensures easy setup and operation
- Optional 10m Interconnect Cable for portability
- CC/CV operation for MIG TIG & MMA(Stick) functions.
- Lift TIG with gas solenoid operation
- Modular power source/Storage compartment can be upgraded to a watercooler setup easily
- 4WD Geared Wire Feeder Setup for bullet proof reliability with steel or aluminium welding
- Phase loss protection
- Super duty Industrial trolley, fits "G" Bottle
